## INSTRUCTIONS

1. Use a sponge to apply the galaxy background to the plate. Allow the colors to blend and overlap.
2. Start by sponging on sections of Caribbean Blue.
3. Next sponge in Blue Lagoon surrounding the Caribbean Blue.
4. Now, add in Perfectly Purple to the remainder of the plate.
5. Dip the sponge into Licorice and tap off the excess onto a paper towel. Lightly sponge in sections of black.
6. Allow the background to dry well.
7. Place white tissue paper over the paper pattern and trace the design with a pencil.
8. Center the tissue paper pattern on the plate and trace over the lines with a marker.
9. Fill in the pattern with 3 coats of Snowflake.
10. Use a liner brush to apply 2 coats of Snowflake to create the lines.
11. Finally, dip the medium brush into Snowflake and flick on stars to the entire plate.

## TIPS

- 3 coats of paint will give you a solid color.
- When you paint over the pattern the color from the marker will bleed into your white paint. Don't worry it will disappear when we fire it.
